

CEC College & Career Planning

How Do I Apply To College?

- Step 1:** Look on your prospective college websites for important application deadlines and requirements like letters of recommendation. We recommend getting a wall calendar or some other type of calendar and start to mark the deadlines on the calendar for the various universities.
- Step 2:** Meet with your advisor if you need assistance. College planning can be done during your regular advising appointment each semester or email your advisor to schedule a separate appointment.
- Step 3:** Complete the [Free Application for Federal Student Aid \(FAFSA\)](#). Colleges and most scholarship applications require that you submit a FAFSA. The Application for the following school year opens October 1st.
- Step 4:** Start the application process for your chosen universities! Check to see if the universities you have chosen accept the [Common App](#). For students applying to Colorado universities, there is a [free application day October 19-21](#) where application fees are waived and free community college transcripts can be ordered.
- Step 5:** Don't forget to request letters of recommendation from teachers and advisors. While the request may be sent through the common app, **it's common courtesy to reach out to your teacher and advisor to let them know you are requesting a letter. Make sure you are giving them ample time to write the letter.** [Click here for the letter of recommendation request form.](#)
- Step 6:** Order your CEC transcripts through Parchment. Create a [Parchment Account here.](#)
- Step 7:** Take the SAT and/or the ACT. CEC offers the SAT for free in the spring. Many students take the SAT or ACT more than once to improve their scores. Additional tests come with a fee, but you can register to take them again through the [College Board](#). You will also go to College Board to request your scores be sent to the universities to which you are applying.
