CECOLC school calendar and bell schedule will comply with CDE and CSI minimum instructional hour requirements. For online instruction, calculations for contact time may be based off academic content covered, student demonstrations of learning, estimated times for student to complete independent work, and/or other methods identified by CEC. All student-teacher contact hours that occur online are equivalent to in-person student-teacher contact hours.

Students participate in synchronous instruction on Monday, Wednesday, and Friday. Each synchronous class meets for 55 minutes. This equates to 60% of a student's weekly scheduled instructional time being synchronous learning activities. On Tuesdays and Thursdays, students meet with teachers, advisor-mentors, and tutors during office hours for additional support.
